Claim Rejections - 35 U.S.C. § 112

1. Claims 1, 17 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In claim 1, the term "optionally" appears at least 11 times, which renders the claim confusing as to what is intended. In claim 17 is incomplete as to process step performed in the separation.
2. Claims 7, 8(specie II), 9, 10, and 20, and species directed to the formulas I, II, IV, V, VI, are withdrawn from consideration as directed to a non-elected specie. The election of species is maintained, because each formula represent a distinct composition, generating therefore membranes with distinct properties which required a separate search in the art.
3. Claims 1/(iii), 21 (iii)-24, 25(iii)-26, 2-3, 5-6, 8(III), 11, 12, 13, 14, 15-19 are allowable over the prior art of record. The independent claims as directed to the elected specie of the formula III, including the as in section (iii) of the claims is allowed, the prior art of record teach the polymer material resulting from a composition of the formula claimed. however, using the material or the material having membrane properties is not disclosed.
